TechSocials
WE BUILD DIGITAL SOLUTIONS

A website that brings you customers, not just a page to look at.

People in Mandaue search Google every day for food, salons and clinics near them. We make sure they find you, and that ordering or booking takes one tap.

The site we sent you is only a sample.
We made it before asking you for anything, to show what is possible. Colours, photos, sections and wording all change to whatever you like. Nothing goes live until you approve it.

How your website brings in customers

1

They find you on Google

Set up so people searching "batchoy near me" or "salon in Mandaue" see your business, your photos and your hours. Linked to your Google Maps listing, where most people look first.

2

One tap to call or get directions

A button bar on every phone screen: Call, Directions, Order. No hunting for your number on Facebook.

3

Orders and bookings come to your phone

Customers fill in a short form for an order, a reservation or an appointment, and it arrives as a text message on your phone. No app, no extra staff.

4

You see what it brings in

Every month we send you a short report: how many people visited, called, asked for directions or sent an order through your site.

1 tap from searching on Google to calling you, getting directions or sending an order. Facebook alone can't do that for someone who doesn't follow your page yet.

Pricing

WEBSITE SETUP, ONE TIME

₱14,500

Fixed price. Or pay in 3 (hulugan): ₱4,834 to start, then ₱4,833 a month for 2 months.

- A website built around your business, your photos and your real menu or services
- Order, reservation or appointment form that sends to your phone
- Call, Directions and Order buttons on every phone screen
- Google setup: your listing tuned up and linked, so local searches find you
- Your own .com domain, first year included
- Two rounds of changes before launch

MONTHLY CARE

₱990 / month

First month FREE. Billing starts on your 2nd month.

- Hosting, security and domain renewal
- Up to 2 updates a month: prices, hours, promos or photos
- Monthly report: visits, calls, directions and orders
- We keep it running, so you don't have to think about it

Want more customers every month? Add the Growth Plan.

We post for you on Facebook, Instagram and your Google listing, run your monthly promos, and point every post back to your order form, so followers turn into orders.

₱2,990 / month, add-on

Add to your website

Extra page, ₱3,500
A full menu, price list, team or gallery page.

Booking calendar, ₱4,500
Customers pick an open slot themselves, and you get notified.

Promo and voucher page, ₱3,500
Collect customers' numbers with a first-visit promo, so you can invite them back.

Simple terms

Payment	Pay in full, or in 3 monthly payments (hulugan). First payment to start. GCash or bank transfer.
Monthly care	First month free. Then billed monthly. Stop anytime with 30 days' notice.
Ownership	Your domain is registered in your business name. Your photos and content stay yours.
Passwords	We never ask for your Facebook, bank or email passwords.

WE BUILD DIGITAL SOLUTIONS

Not looking for a website? We build systems too.

If a website is not what your business needs right now, tell us the problem instead. These are things we already build for clients in Cebu.

Booking and calendar system
Appointments, reservations and reminders without the back-and-forth on chat.

Online ordering and forms
Orders, inquiries and applications collected in one place.

Customer or client portal
Clients log in to see their bookings, records or status.

Event registration and tickets
Sign-ups, payments to your own account, and QR check-in at the door.

Custom dashboards and trackers
Sales, inventory or staff numbers you can read at a glance.

Membership and loyalty
Member lists, renewals and rewards for repeat customers.

Systems are quoted per project after a short talk about what you need.

How it works

See your sample
We built it before asking you for anything.

Tell us your changes
Anything you want different. Pay in full or in 3.

Send your photos
Plus your latest prices and hours.

Go live
About 7 working days later, on your own domain.

Let's see what we can create.

Message Matt on Viber or Messenger and tell us what your business needs. We are just nearby in Maguikay and happy to drop by.
